## MARKET RELIEVED FROM PRESSURE

Prices, Which Were Upset, Are Again Standing With Stubbornness.

#### ADVANCING TENDENCY SPOTTY

Majority of the Active List Sold Lower Than on Monday Night's Closing.

NEW YORK, March 5.—The day's market gave unmistakable evidence of relief from the pressure of the urgent and forced laudation which upset prices yeaterday. A desultory recovery was the consequence, in which covering of short contracts by professional operators on the bear side of the market played a large part. The latter stages of the market, however, showed a striking distinctination to follow the recovery by any large commatments on the long side. The advancing tendency was spotty and irregular, and did not set in until after a riagged opening, in which the majority of the active list sold lower than last night's closing. Besides the prominence of yesterday's weakest stocks in the recovery three was a show of positive strength in the Wabash securities and those South and Southwestern railroads in the same group.

Some of the other cotton carriers also sympathized in the movement.

A strong market for copper in London helped Amaigamated Copper here. The assembling of the coal epitators to consider the proposition of the antiraction miners for an agreement gave rise to varying rumors which were reflected in the fluctuations in Reading.

To-day's money rates were not materially changed, though the general tone begins to show the benefit of the liquidation accomplished in the stock market. The sagging tendency of stocks at one time wiped out pretty much all of the gains, but a heavy buying movement in Southern Railway in the final dealings restablished some portion of them and left the closing tone steady.

Bonds were steady. Total sales, par value, \$2,04,000.

United States bonds were all unchanged on call.

to transact. The chairman of the special Health Investigation Committee called a meeting for 8 o'clock, but before night, for some reason, the call was revoked, and there was no meeting.

The Committee on Markets was to have met at 7:30. Only two members answered the call, and as two do not make a quorum, no business could be transacted, and that meeting fell through.

The James River Improvement Committe got a bare quorum at 8 o'clock and consumed but a short while in disposing of the routine business on the clark's table. The pay roll for February was ordered paid and a number of bills were O. K.'d. The insurance policies on the dredge boat Fulton were filed by Chairman Curtis, and that wound up the business of the evening.

The members spent a half hour informally discussing matters that may come up when the 1906 budget becomes available, and then the members went home.

#### NORFOLK WANTS IT.

Seaside City Will Try to Get Confederate Reunion Next Year.

federate Reunion Next Year.

A Norfolk special to The Times-Dispatch says that Norfolk will send to New
Orleans this summer a large delegation
of Confederate veterans, sons and daughters, together with an influential citizens'
committee, which will urge the selection
of Norfolk for the 1907 reunion.
Norfolk will have Richmond to contend
with at the meeting on April 25th in
New Orleans, when Lee and Pickett
Camps and the energetic and patriotic,
never-say-die Confederate daughters of
Richmond will urge upon the Grand Camp
the hospitality of the capital of the Congetten the grand welcome and care they
received in Richmond during past reunions, and no great difficulty is anticipated in bringing the next reunion to pated in bringing the next reunion to this 'city. At this time the Jefferson Davis monument will be unveiled. The veterans here are quietly mar-shaling their forces and will send a strong delegation to New Orleans.

Congressman Hale's Brother is Fatally Shot By His Own Pistol.

ERISTOL, TENN., March 6.—Congressman Natham W. Hale, of the Second Tennessee District, who, it is reported from Washington, came home at the suggestion of Mr. Cortelyou to make an effort to bring about peace between the Evans and Brownlow factions in Tennessee, is detained from his mission by advice from Wise county. Va., to the effect that his brother, Archibald H. Hale, has been fatally shot and is probably dying on the Kentücky border. It appears that the shooting was accidental. Mr. Hale, who is superintending a coking operation, had carried a revolver in an inside coat pocket on a trip into the mountains.

ing Obstructions From Stream.

(Special to The Times-Dispatch.)

RALEIGH. N. C., March 6.—Governor Glenn received a letter this morning from the suthorities at Washington to the effect that they will send at once an expert from the department of fisherlis and waterways to work with officers of the State geological board in establishing jwest/rways and clearing obstructions, from the Cape Fear River between Wilmington and Fayetteville, so that shad and other fish may the more freely get to the spawning grounds.

This action is the result of a letter written by the Fayetteville chamber of commerce to Governor Glenn, urging that this be done. They will begin work at the mouth of the Cape Fear, and the Governor feels that the conditions will be improved to the satisfaction of all interested.

a site for next fall's great agricultural exposition.

It required two large automobiles to hold the siteseers, and they commenced the excursion at 3 o'clock and were gone three hours by the City Hall clock. They took in all the sites, and, incidentally, beheld many other sights not down in the programme. They reached no conclusion as to a suitable site for a State fair, although they looked at a sight of them.

The two subcommittees will hold a compare notes as to the impressions left by their siteseeing excursion.

## PROTECT FORESTS OF NORTH CAROLINA

Governor Glenn Has Strong Hopes of Result of Forestry Congress.

QUESTION OF IMMIGRATION

Industrial Agents Outline a Plan for Securing Desirable Foreign Laborers.

RALEIGH, N. C., March 6.—Governor Glenn, in speaking of his attendance on the big forestry meeting at Charlotte Saturday, said that it was remarkable for the amount of work done looking to the profection of the forests of the State, and he looks for much good to come of the plans set on foot during the meeting, not only from the resolutions calling the Appalachian reserve, to the end that the Appalachian reserve, to the end that the forests therein may be protected, but more especially from the demand that was voiced in the meeting for State laws for the protection of the forests in all sections of the State, so that they may

sections of the State, so that they may not be wantonly cut to pleces.

He feels that there is very great need for State regulations in all parts of the State, as well as for the success of the movement for the national reserve. He says that as chairman of the special committee named in the meeting Saturday, he will use his best endeavors to induce the national government to expend as much money and effort as possible for the protection of the North Carolina forests.

JUDGE WOMACK STILL ILL.

JUDGE WOMACK STILL ILL.

JUDGE WOMACK STILL ILL.

Another postponement has been agreed on by Governor Glenn and counsel in the case against the four attendants at the State Happital for the Insane here, on the charge of causing the death of the patient, Thomas Nall, of Chatham county, this being the third since the case was started in the court, nearly a year ago. According to the last postponement, the trial was to be at the March term, which convenes March 26th, but now it is staved off, until the July term, the reason for this being the continued illness of ex-Judge Thomas R. Womack, who has been appointed by Governor Glenn to represent the State and see that the investigation of the case is thorough.

IMMIGRATION PLAN.

to represent the State and see that the investigation of the case is therough.

IMMIGRATION PLAN,
Messrs, M. V. Richards and Wilber McKoy, industrial agents respectively for the Southern and Atlantic Coast Line Railroads, spent the day in the city in conference with Commissioner S. L. Patterson and Secretary T. K. Bruner, of the State Department of Agriculture, and Governor Glenn, with reference to the movement for the attraction of immigrants to North Carolina.

They discourage the idea of attempting to have an ocean steamer touch at Norfolk to left off limnigrants can be handled just as well from New Yorkin fact, to a much better advantage.

They also discouraged the idea of sending agents into the courtries of Europe to book immigrants to North Carolina, for the reason that, as they expressed it, it would take such agents at least a year to get in position to command any influence at all. They thought the very best course was for the Department of Agriculture to continue their system of divertising the advantages and resources of the State in other States and abroad and strive for the attraction of desirable and strive for the attraction or desirable impligrants through the regular ports of immigration entry. The work, they say, will have to be through small beginnings. Get one or two desirable families to locate at a desirable point, and work through them and otherwise to attract others of their nationality to come to others of their nationality to come to them. To illustrate that, Mr. Richards told of having located two good families of Italians at a point in Mississippi over a year ago, and then through their influence and the efforts of als department of the Southern, over one hundred ether desirable immigants from the same section were located in only a few days with them. This, Mr. Richards insists, is really the only successful and economical way in which this immigration work can be carried on. It is, he says, necessarily slow at first, but multiplies wonderfully in growth as the years go by, under the system he suggests.

Navahoe Still Aground.

(By Associated Press.)

WILMINGTON, March 6.—Nothing was accomplished to-day in the way of floating the Clyde steamer Navahoe, previously reported ashore on Middle Ground Shoals, two miles inside the Cape Fear. It has been found necessary to lighter practically the entire cargo, which is now in progress, and upon the completion of which tugs will again pull on her. If the weather continues favorable, it is expected that she can be floated with little damage to-morrow. The vessel is now lying easy, and is in no immediate peril.
